How to connect my SWITCH drive access to my Moodle course?

→ Click on the "More" dropdown menu at the top of your course content, and click on "Repository", and then click on "Create a WebDAV repository" instance:

TEST_SERVICEDESK	
Course Settings Participants Grades Reports	More ~
Name Repository plugins	Question bank Content bank Filters
Create a repository instance • Create "WebDAV repository" instance	Unenrol me from TEST_SERVICEDESK
	Course reuse

→ Here is the default configuration:

Name: Name of your drive

WebDAV type: HTTPS

WebDAV server: drive.switch.ch

WebDAV path: remote.php/webdav

Authentication: WebDAV basic authentication

WebDAV server user: mail address

WebDAV server password: password

→ You should now be able to see your SWITCH drive files. You will be able to see it when using the file picker !

Your SWITCHdri file into your Mo	ve files are now visible. You can now insert a SWIT odle course.	CHd	rive
