

	Tutorial: how easy is it to <i>understand</i> the gesture to perform the task? (e.g. intuitiveness / clarity of explanation / learning phase)	Effectiveness: how easily can I <i>achieve</i> the assigned basic task with the proposed interaction ? (e.g. stability of grasp, ...)	Feedback: how <i>appropriate</i> are the haptic (vibration), visual and sound feedback?	Suggestions
Interaction 1				
Interaction 2				
Interaction 3				
Interaction 4				
Interaction 5				
Alternate Locomotion				
Teleportation
