Axiome D6

$$\overline{AB} > \overline{CD} + \overline{EF}$$
$$\overline{AB} = \overline{CD} + \overline{EF}$$

$$\left|\,\overline{CD} - \overline{EF}\,\right| < \overline{AB} < \overline{CD} + \overline{EF}$$
$$|\overline{CD} - \overline{EF}| \; < \; \overline{AB} < \overline{CD} + \overline{EF}$$

$$|\overline{CD} - \overline{EF}| = \overline{AB} < \overline{CD} + \overline{EF}$$

$$\overline{AB} < |\overline{CD} - \overline{EF}|$$
