ni ✓

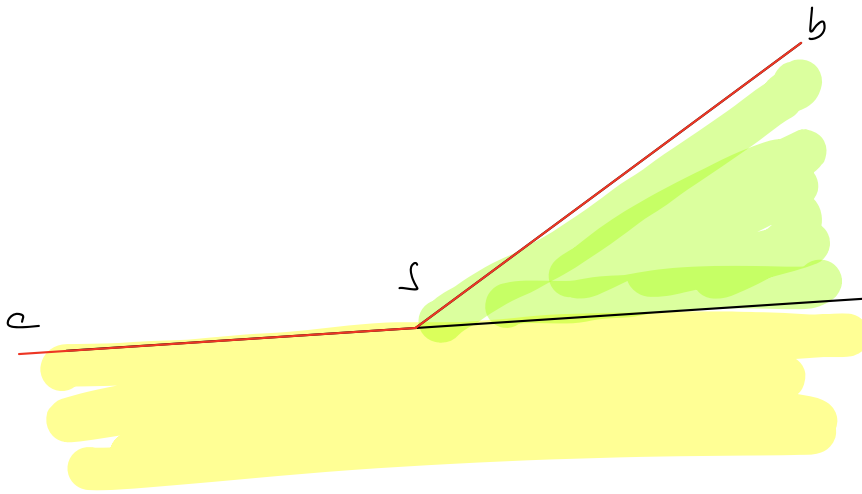

Adjacents - suppl : pour les angles adjacents

$\angle a$ et $\angle b$ adjacents sont
adj - suppl.

Non $\angle a$ et $\angle b$ ne sont
des angles adjacents suppl.
car leur côté n'est
pas le b prolongement.

$\angle b$ renché et $\angle a$ adjacents
pas adj. suppl car $\angle b$ non
adjacent.
